HOLIDAY HOMEWORK (2023)

Dear Parents

Summertime is always the best of what might be. Summer Vacation is a time for fun and frolic and an opportunity to bring you some constructive activities to enhance your learning process. The most awaited vacation is here!

At BCS, our goal is to provide continuous educational opportunities and practice for students. We have designed work during the holidays for our students keeping in mind the present situation. We believe, together, we will write the **BEST** story for our children! "Each child is an individual and must be allowed to bloom, express his feelings and ideas".

Spend time listening to your child, sharing household chores, playing, laughing, exercising, relaxing and above all praying to the power you believe in.

General Instructions for Students:

- Read and Revise the Course covered in the classes.
- Understand the concepts and practice questions.
- **Complete your pending work. (If any).**
- A few projects/assignments have been designed to help students to express themselves and explore their creativity. Original drawings / illustrations and creative use of material will be appreciated.
- Improve your handwriting by practicing daily.
- Spend some time doing yoga, exercise, meditation etc for mental health and physical fitness.
- All work presented by the students should be done by himself/herself. Parents are requested to guide their ward only. They will surely enjoy doing them!
